THE WORLD OUTSIDE ~ OBJECTIVES

The Objective of 'The World Outside' is to provide positive outdoor experiences and opportunities in the form of engaging landscapes, regular activities, holiday and one off events for children and their families to enjoy nature and the natural world in a fun and adventurous way.

At the World Outside we closely follow the principles of forest school as set out by the forest school association. However we are aware of the pressures that schools are under to ensure that every activity in school meets the criteria set down in the national curriculum.

THE WORLD OUTSIDE ~ MISSION STATEMENT

To ensure that we assist the school to meet these needs The World Outside is developing a series of curriculum-linked programmes to inspire individuals of any age through positive outdoor experiences. It is very important to us, to allow the children to learn in a child-led and spontaneous manner though focused and child-led activities. This allows the child to develop and learn in a way that is beneficial to the development of self-esteem, confidence and respect and provide opportunities for an inquisitive and positive relationship with the natural world.

The programmes we provide highlight the links to the curriculum along with the aims and expected learning outcomes. These bespoke programmes can be developed to meet the needs of individual classes.
